

# Simplify your VAT obligations

Using a unique approach developed by Thomson Reuters, based on our extensive VAT implementation experience in the GCC and worldwide, become confident in your VAT set-up and solve your VAT-related IT challenges in only 5 weeks.

## Data-driven decision-making

Access critical information with cutting-edge business intelligence dashboards. Know when you're over- or under-paying VAT – by country, entity or period; where your main risks lie; how you can mitigate them; and what efficiencies you can gain.

## Fast, accurate VAT reporting

With up to 90% of your VAT reporting process automated, you can file your VAT return with ease and confidence, in both Arabic and English, in any GCC country live on VAT.

## Precise VAT determination

Automatically calculate or re-validate VAT on every transaction, both for sale and purchase transactions in real-time or offline. Trust the amount of VAT applied in any system you are using today.

## Invoicing headaches eliminated

Generate VAT-compliant invoices effortlessly, in both Arabic and English, with all the necessary fields required by any country in the GCC.
